PROPOSED PROGRAM (Cost Proposal)

for a

MATERIALS HANDLING STUDY (NON-DIGITALLY STORED DATA)

(RFP No. RD-10-67, Project No. 09017)

February 22, 1967

## RECOMMENDED CONTRACT PERIOD AND APPROPRIATION

| •   |               |  |  |  |  |  |  |
|---|---------------|--|--|--|--|--|--|
| recommends a contract period of 15 months for the performance   | 25 <b>X</b> 1 |  |  |  |  |  |  |
| of Phases I and II, with an appropriation of including the fixed fee  | 25 <b>X</b> 1 |  |  |  |  |  |  |
| for that period. A general breakdown of the Estimated Costs is  | 25            |  |  |  |  |  |  |
| attached for Phases I and II; and, in accord with the RFP, for Phase I only.  |               |  |  |  |  |  |  |
| We recommend that the proposed contract be let for both Phases I and II, so as  |               |  |  |  |  |  |  |
| to permit economies to be effected by overlapping the periods of research for   |               |  |  |  |  |  |  |
| the two phases as illustrated in Figure 1 of the Proposed Program (Technical  |               |  |  |  |  |  |  |
| Proposal).  |               |  |  |  |  |  |  |
| Then the second of the second to the second the second to |               |  |  |  |  |  |  |

25X1

Work on the proposed study could be initiated only after sufficient staff members had received appropriate security clearances. It is our understanding that the granting of such clearances might entail a time lapse of about 4 months.

## THE CONTRACT

The proposed contract would be a period-basis agreement consistent with our current basic contractual agreements, and providing only for our best efforts directed toward the objective as outlined in the Proposed Program (Technical Proposal).
